RE: 2013 Budget

Included with this memorandum is the adopted Budget for fiscal year 2013. This document includes a review of revenues and expenditures for all funds maintained or managed by the City as well as projects, capital acquisitions and programs for fiscal year 2013.

The economy continues to impact the City's ability to grow its tax base and raise revenues. Beginning in 2012 the State has eliminated the Market Value Homestead Credit and replaced it with the Market Value Exclusion. The City will now receive 100% of tax collections. The Market Value Exclusion provides property tax relief by excluding a portion of each qualifying home market's value. The only State aid the City continues to receive is Fire Relief Association Aid that is provided directly to the East Bethel Fire Relief Association, Police Training Aid that is reflected as a credit on the City's Service Contract with the Sheriff's Office and, PERA Aid that offsets some of the increased contributions required of the City to fund PERA. These total approximately \$90,000 on an annual basis and impact only the General Fund.

Building activity for 2012 continues on the slow pace of the past four years, however, there are signs of potential for an increase in these levels for 2013. Lower interest rates on invested funds continue to erode investment earnings well below traditional levels.

The City's ability to generate funding for certain projects and activities has offset the loss in some of these areas. The SAFER Grant for the City's Fire Department provides some financial incentives for training, health care expenses and recruiting. This has allowed the City to provide more training while limiting the impact on the General Fund.

Levy limits are not applicable for 2013.

Staffing Report

The proposed 2013 budget contains the same number of staff positions as the 2012 budget and is two less staff positions than existed in 2010.

General Fund

As a whole, the final budget is less than the adopted budget for 2012. The decrease is .66% or \$31,765. Decreases are realized in a number of areas that include continued reduced police services contract over the 2011 level and reduced seasonal staffing in the summer season in the parks department. Increases are reflected in several departments due to increases in salaries, fuel costs, and increased utility charges. The 2013 budget also decreases the transfer to the Park Capital Fund by \$25,000 and the Park Trails Fund has been reduced to \$0.

General Fund Revenues

Revenues for the General Fund are primarily from property taxes. There is a substantial increase in Other Governmental Charges revenue that reflects contracted building inspection services that will be provided to the City of Oak Grove.

Property Taxes

As adopted, the property tax levy for the General Fund decreased 1.63% from \$4,191,470 in 2012 to \$4,123,317 in 2013. When the debt service requirements for outstanding bonds are added to the General Fund levy, \$329,638, the total levy increases to \$4,452,955 or \$43,843 less than 2012. The debt service levies are for Public Safety Improvements and Waste Water Facilities.

General Fund Expenditures

As adopted, the General Expenditure Budget would decrease from \$4,795,898 to \$4,764,133 or .66%. All essential services will be maintained, no new programs or projects would be added and the transfers to Park Capital and Parks Trail funds will be reduced.

Debt Service

The City has several outstanding debt issues including the Public Safety Bonds and the 2008 Sewer Revenue Bonds. A cash flow shortfall as a result of no connections to the City's sewer system at Whispering Aspen requires a levy of \$180,000 pursuant to the bond indenture. Public Safety Bonds require a levy of \$149,638. Total taxes levied for debt are \$329,638.

Special Revenue Funds

These funds are used to account for monies received for a specific purpose including tax levies, grants and donations. For 2013, revenues are estimated at nearly \$117,000 and expenditures for these funds are estimated at nearly \$140,000.

Capital Project Funds

This group of funds was established to account for revenues and expenditures related to capital projects such as park improvements, street improvements utility operating improvements and building improvements. Funds are provided from General Fund Transfers, Municipal State Aid Street Funds from the State of Minnesota, Water and Sewer Availability Charges and fees from developers. Projects funded from these funds are identified in the City's Five Year Capital improvement Program for Transportation and Parks.

Proprietary Funds

This group of funds was established to account for revenues and expenses for operations that are to be self-supporting. These activities include water and sewer utilities, the ice arena and the

equipment replacement fund. Water and Sewer funds will continue to lose money when depreciation is considered. The Sewer Fund cash flows without the inclusion of depreciation. Both funds require additional customers to make the system fiscally stable.

The Ice Arena cash flows without inclusion of depreciation. Based on annual sales ice time, concessions, dry floor events, etc., revenues are \$250,700 and expenditures are approximately \$191,050 excluding depreciation. This fund projects to continue to cash flow.

Summary

The 2013 Budget follows the form and format that was implemented several years ago. The purpose was to provide a simple but meaningful presentation of City operations and activities and their related fiscal implications. We hope you will find the form and format informative and helpful.

I want to express my thanks and appreciation to staff who worked diligently to provide a budget document that is reflective of City Council goals, objectives and directives as identified by residents.

FUND: 231 – SAFER Grant
DEPT/ACTIVITY/PROJECT: 42210 – Fire Department

DEPARTMENT PROFILE

Volunteer Fire Fighters that are recruited, educated, and trained will enable the East Bethel Fire Department to be compliant with NFPA 1720 and OSHA 1910. The additional manpower will allow adequate response by Fire Fighters and meet OSHA requirements, NFPA standards on fire ground operations. Newly recruited Fire Fighters will be a long term asset to the Fire Department and the services provided to our Community. The project will be tasked to recruit Fire Fighters in the volunteer role while maintaining the experience of the current staff.

DEPARTMENT GOALS

The major goal of the SAFER (Staffing for Adequate Fire & Emergency Response) Grant program is to recruit new Volunteer Fire Fighters while retaining existing fire fighters and moving the Fire Departments to compliance with NFPA 1720, section 4.3; Staffing and deployment and OSHA 1910.134(g)(4), 1910.134(g)(4)(i), 1910(g)(4)(ii). Objectives include a net increase of 25% of Fire Fighters.

This fund is for computers, printers, projector, and display materials needed to run the program and career fairs for recruitment.

306- Personnel/Labor Relations

\$3,000

Awards will be presented to Fire Fighters for their length of service to our community. Awards will be presented for 5, 10, 15, 20 years of service. Fire Fighters who have accomplished benchmark tasks in their career will also be recognized.

307- Professional Services

\$20,000

The Program Coordinator will be the overall manager of the proposed project and these funds will cover the salary and benefits of this position. This position will understand the goals and objectives of the program and develop and implement the marketing strategies. In addition, this position is responsible for periodic reporting and scheduling of marketing events.

331-Travel Expenses

\$2,500

We will reimburse Fire Fighters who are forced to travel for required basic education and training. Mileage, lodging, and per diem will be reimbursed.

FUND: 408 – Water System Access Fund
DEPT/ACTIVITY/PROJECT: 40800 – Water System Access Projects

DEPARTMENTAL PROFILE

The Water System Access Fund accounts for charges and improvements to construct water delivery facilities in the City. Currently, only the Whispering Aspen development have access to water services and are subsequently subject to these charges.

The Minnesota Department of Health (MDH) issued a Notice of Violation on January 31, 2006 to the City of East Bethel for exceeding the Gross Alpha and Combined Radium 226+228 Maximum Contaminant Levels (MCL) for public water supply well 1020042. During 2010 a new well was constructed to comply with the MDH/City agreement to remediate this problem financed by a grant and a low interest loan from MN Public Facilities Authority.

DEPARTMENTAL GOALS

Ensure that charges are sufficient to cover the debt issued to finance the cost of constructing a water delivery system with appropriate capacity to meet the needs of the City's customers

REVENUE DETAILS

FUND: 409 – Sewer System Access Fund
DEPT/ACTIVITY/PROJECT: 40900 – Sewer System Access Projects

DEPARTMENTAL PROFILE

The Sewer System Access Fund accounts for charges and improvements to provide sewage treatment facilities in the City. Currently, only the Whispering Aspen development and the adjacent Castle Towers Manufactured Home Park have access to provided sewer services and are subsequently subject to these charges. In 2008, the City issued debt to finance the acquisition of the Castle Towers Wastewater Treatment Plant. Consequently, any SAC revenues received related to the facility will be used to service this debt issue. Accordingly, the Sewer System Access Fund will be inactive until the debt is paid off or until another sewer plant commences operations.

DEPARTMENTAL GOALS

Ensure that charges are sufficient to cover the costs of a sewer treatment system with appropriate capacity to meet the needs of the City's customers

FUND: 601 - Water Fund
DEPT/ACTIVITY/PROJECT: 49401 – Water Utility Operations

DEPARTMENTAL PROFILE

Water Utility Operations provide for the distribution of water to customers, the provision of proper metering equipment to measure usage and the timely reading of meters to ensure timely, accurate billing of customers. Currently, the City owns and operates the water facilities servicing the Whispering Aspen Development. The number of customers is not adequate to profitably service them; the majority of expenses incurred in providing water service will not increase proportionately with an increase in customers. Additionally, in accordance with the sales agreement, the City is obligated to provide office space to the purchaser/developer of this property in the Community Center that houses the water system's control center. All utilities and maintenance costs for this building are charged to the Water Department; the developer pays none of the utility costs but has contributed to the capital improvements to the facility.

DEPARTMENTAL GOALS

Provide adequate capacity; perform required maintenance and work to facilitate the orderly implementation of service to new residents; minimize the City's losses until the number of customers is sufficient to support the costs of a water utility system. The construction of Well #2 was completed in the fall of 2010; water from both wells will be blended in order to remediate the radium content of the water supply

FUND: 702 – Compensated Absences Fund
DEPT/ACTIVITY/PROJECT: Multiple

DEPARTMENTAL PROFILE

Compensated Absences Fund provides for the funding of the City's obligation of earned but unused vacation and sick pay benefits. These benefits are payable only upon employees' severance from employment.

DEPARTMENTAL GOALS

Compare each employee's accrued obligation on an annual basis and expense any increase to individual departments. Consequently, the period in which the services are rendered incurs the expense. Individual department budgets will not fluctuate based on employees separation from employment and the accumulation of these benefits. At year end 2011 the accumulated liability for compensated absences for all employees is \$93,199.

REVENUE DETAILS

39201-Transfer from General Fund
\$0

To be determined when liability is calculated at year end 2013.
Departmental charge for funding employee compensated absences is \$500 per employee per year and is budgeted within each department under full-time employee wages.

EXPENDITURE DETAILS

Determined when employee separates from City service.
